## SUMMARY

**Accomplished Frontend Developer** with expertise in **HTML, CSS, JavaScript,** and **React JS,** known for creating **interactive** and **visually appealing web pages.** Demonstrated ability to develop **user-friendly interfaces** and maintain **responsive designs,** enhancing **user experience across devices.** Proven track record of delivering **clean, optimized code** and contributing to **project quality** through **code reviews.** Practical experience gained as an **intern at Apptimate Software Private Limited,** collaborating with **senior developers** to implement features and fix bugs. **Career goal:** to leverage skills in **frontend development** to drive **innovation** and improve **web application performance.**

## WORK EXPERIENCE

**Software Developer , Convisor Technology**                                    **Sep 2024 - July 2025**

- Utilized **JavaScript**, **HTML**, and **CSS** to create **interactive** and **visually appealing web pages**
- Developed **user-friendly website interfaces** using **HTML**, **CSS**, and **JavaScript** for enhanced **user experience**.
- Developed and maintained **responsive website designs**, improving user experience across **various devices.**
- Implemented **responsive web design principles** to guarantee optimal viewing across **multiple screen sizes**
- Delivered **clean, error-free code** matching project scope and **minimizing performance issues.**
- Read and understood technical design specifications on **Figma,** translating **UI/UX designs** into functional components.
- Utilized React framework to build **dynamic** and **interactive web applications,** improving **site performance**.
- Participated in **code reviews,** contributing to the improvement of **project quality** and **team standards**.
- Reviewed and optimized **existing website code,** achieving significant improvements in **performance** and **maintainability**.
- Adapted quickly to new **web technologies** and **frameworks**, staying ahead in the **fast-paced tech environment.**

**Frontend Developer, Rixo sys Pvt Ltd**                                    **Feb 2024 - Aug 2024**

- Improved **web design** and **usability** through **UX testing**, enhancing overall user satisfaction.
- Integrated advanced **UI principles** to deliver **user-centered designs** focused on functionality and aesthetics.
- Planned **websites and applications** to effectively showcase **multimedia content** and interactive features.
- Customized **content management systems (CMS)** to meet **specific client needs,** enabling seamless website updates.
- Researched **new web technologies** and **design trends,** recommending innovative solutions to keep websites **modern and competitive.**
- Maintained comprehensive **documentation** for **front-end development** practices and coding guidelines to support **team consistency.**
- Created **innovative websites** featuring **animations, audio,** and **video displays** for enhanced engagement.
- Developed **graphics** for site pages in line with **branding guidelines** and **web design best practices.**

**Software intern, Apptimate Software Private Limited**                                    **june 2023 - Dec 2023**

## SKILL

- **Design & Prototyping Tools:** Figma, Photoshop,
- **Frontend Development:** HTML5, CSS3, JavaScript, ReactJs, Bootstrap, Tailwind CSS
- **UX/UI Principles:** Wireframing, User Research, Usability Testing, Design Systems, Accessibility
- **Web Technologies:** Responsive Design, Cross-Browser Compatibility, AJAX
- **Collaboration Tools:** Jira, GitHub, Agile/Scrum Methodology

## EDUCATION

**Master of Computer Applications**                                                        Apr 2023 - Aug 2025
Mangalayatan University

**Bachelor of Science**                                                                          Apr 2017 - May 2020
Maharishi Degree College of Natural Law

**12th Science**                                                                                     Apr 2015 - mar 2017
SRM +2 Science College
